

News from the International Laser Class Association

I am pleased to announce the nomination and engagement of Eric Faust as General Manager ILCA.

At the last World Council meeting in November 2011 it was decided to engage a "General Manager ILCA", which combines the two originally foreseen separate positions of "Operation Manager" and "Events and Development Manager" into one. The new General Manager ILCA will be fully responsible of all operations of ILCA as well as of the ILCA office. He will work closely with Jeff Martin, Executive Secretary ILCA, and report directly to the Class President. Eric Faust has a Master degree in Business Administration from the University of Texas at Austin. He is currently the Executive Director of the International J/24 Class Association. Since 2005 he has also served as Vice Chairman of the North American Laser Class Association. By his education and experience Eric is ideally suited for the position. He will start in this new function on May 15th 2012.

I wish Eric all the best and a lot of satisfaction in his new function.

Heini Wellmann

President International Laser Class Association (ILCA)
